Suggested use: Take 3 caplets right before eating dairy. For best results, you may have to adjust the number of caplets up or down. If you continue to eat dairy foods after 30-45 minutes, take another serving. Lactase Enzyme can be taken throughout the day, every time that you eat dairy.

Consult Your Doctor: If you experience any symptoms which are unusual or seem unrelated to the condition for which you took this product. **Storage:** Store at room temperature or below (below 77°F), but do not refrigerate. **KEEP OUT OF REACH OF CHILDREN** **Read all package directions before using.** Do not use if printed seal under cap is torn or missing. **As with any supplement,** if you are pregnant, nursing, taking medication, or have a medical condition, ask a health professional before use. *This product is not manufactured or distributed by Kenue, owner of the registered trademark Lactaid®.
