

## Drug Facts

Active ingredients (in each 20 mL)	Purposes
Dextromethorphan HBr 20 mg.....	Cough suppressant
Guaiifenesin 400 mg.....	Expectorant

**Uses** • temporarily relieves cough due to minor throat and bronchial irritation as may occur with a cold  
• helps loosen phlegm (mucus) and thin bronchial secretions to drain bronchial tubes

### Warnings

**Do not use** if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

### Ask a doctor before use if you have

- cough that occurs with too much phlegm (mucus)
- cough that lasts or is chronic such as occurs with smoking, asthma, chronic bronchitis, or emphysema

**Stop use and ask a doctor** if cough lasts more than 7 days, comes back, or is accompanied by fever, rash, or persistent headache. These could be signs of a serious condition.

**If pregnant or breast-feeding**, ask a health professional before use.

**Keep out of reach of children.** In case of overdose, get medical help or contact a Poison Control Center right away.
